Cycles for Life

*We make a positive difference in the
lives of children, adults and wounded
soldiers with disabilities.*

Project Mobility has been the exclusive bike mechanical and technical support for Soldier Ride for nearly a decade, supporting over 300 rides throughout the United States and two additional countries for wounded warriors. Hal Honeyman, Project Mobility's founder, has received the Red Cross Hometown Hero Award, the DaVinci Award and the Hallmark Hero Award presented by Regis Philbin. Project Mobility was formed in 2002 and has been actively and successfully changing lives through adaptive bikes for people of all ages.

WHO IS PROJECT MOBILITY?

Project Mobility is a 501(c)(3) nonprofit organization that offers recreational events using specialized bicycles for people with disabilities. Our professional staff works with families, rehabilitative professionals, and organizations to promote better health, independence, and most of all the freedom of mobility for people with physical disabilities.

HOW PROJECT MOBILITY STARTED

Hal Honeyman, founder of Project Mobility: Cycles for Life, Inc. has been involved with bicycles as a sport, business, and recreation since 1975. With The Bike Rack, his family bicycle shop in St. Charles. Hal's interest in "adaptive cycling" - bicycles for people with disabilities - was spurred when his own son Jacob was born with Cerebral Palsy. Hal wanted to find a way for Jacob to join the family when bicycle riding. After Jacob's needs were met, Hal found specialized bikes for other disabled children and began creating specialized bikes when other bikes were not available or did not exist for that particular disability. This has led to the formation of Project Mobility: Cycles for Life.
